

Option B:

- New two sheet ice arena on land that does not have to be purchased
- Remodeled Community Center including expanded fitness, indoor playground and child care
- Athletic space in the existing ice arena shell (no aquatic facility)
- No covered turf at this time (could add to project for \$6 Million)

Estimated Cost: \$23.7 Million (rough estimate; more information will be available on Wednesday, May 6th)

*The plan to repurpose the Arena to sport courts is very preliminary. 292 Design Group will be tweaking the concept and the estimated cost to be presented at the City Council meeting.
