## CONTRACT

Shakopee City Council awarded the contract for the 2018 Sommerville Alley Sewer Extension to the low bidder, Parrott Contracting, Inc., of Henderson, MN on July 17, 2018.

## PROJECT SCOPE

This project consists of extending sanitary sewer from Spencer Street, west towards Sommerville into the alley in between 2<sup>nd</sup> Avenue and 3<sup>rd</sup> Avenue.

The contractor anticipates a start date at the beginning of the week of August 20, with the removal of curb and gutter, sidewalk, and a section of the street on Spencer St.

Spencer Street will require a full road closure from 2<sup>nd</sup> Avenue to 3<sup>rd</sup> Avenue. Please follow the detour signs and drive slowly and safely through the project area. The road closure is anticipated to be posted in advance of the shutdown and should last no more than two days. If you have your driveway in the alley between Sommerville St and Spencer St, we ask that you move vehicles by 7am when the project starts. There will be short term disruptions to access during utility excavation and construction. Residents should expect full access from 7pm to 7am each day. We apologize for any inconvenience.

All work is scheduled to be complete by the end of August 2018, weather permitting.
